

Docket No. DYOUP0219USSerial No. 09/889,800**AMENDMENT****IN THE SPECIFICATION:**

**Please insert the following at page 1, between present lines 1 and 2, as a new heading:**

Field of the Invention

**Please insert the following at page 1, between present lines 4 and 5, as a new heading:**

Background of the Invention

**Please insert the following at page 2, between present lines 11 and 12, as a new heading:**

Summary of the Invention

**Please insert the following at page 2, between present lines 24 and 25, as a new heading:**

Detailed Description

**Please rewrite the paragraph at page 6, lines 21-25 as follows:**

The composition is generally applied in an amount of from 0.01 to 10 kg per ~~heactare~~ hectare, preferably 0.1 to 6 kg per hectare. Preferably the phosphonate is applied at 150 g/ha to 2 kg/ha. Preferably the thiosulphate is applied at 250 g/ha to 6 kg/ha. Preferably the salicylic acid, a homologue, derivative, or salt thereof is applied at 1 g/ha to 100 g/ha.
